# We Wish You Godspeed, Dr. Young

With a mixture of pride and regret we dedicate this yearbook to Dr. John J. Young, former superintendent of the Rocky River Schools: pride in the man who has accomplished countless improvements in our educational system, regret that this dedication is in the nature of a farewell to him.

Dr. Young came to Rocky River in 1928 as principal of this high school. When the post of superintendent of schools became vacant in 1933, he was advanced to that position, one which he has capably handled for the past fifteen years. State wide recognition of his ability and popularity was recently accorded Dr. Young by his elevation to the presidency of the Ohio Education Association.

This March Dr. Young took another step upward in his professional career. He accepted the office of superintendent of schools in Mishawaka, Indiana, a suburb of the city of South Bend.

We are confident that you will continue to enjoy success, Dr. Young, for a good man makes his own good fortune.

BOARD OF EDUCATION

Row 2 — Mr. Vance Chamberlin, Mr. Carl W. Sollenberger, Mrs. Mildred Josselyn.
Row 1 — Mr. Earl W. Monson, Mrs. Allison LePontois, Mr. Harry H. Blackburn.

# Guardians Of The Destiny Of Riverites

The group of civic-minded men and women who comprise our Board of Education are often the "forgotten men" in our system, for their work is done so unostentatiously that we sometimes overlook the significance of their contribution to the well-being of all of us. We wish through this medium to express our gratitude to the members who so freely give many hours of their time to ensure for us the opportunity to pursue our studies under the best conditions our community can provide.

Officers for the year 1947-1948 are Mr. Vance Chamberlin, president; Mr. Earl W. Monson, vice-president; and Mrs. Mildred Josselyn, secretary-treasurer. Other members are Mrs. Allison LePontois, Mr. Harry H. Blackburn, and Mr. Carl W. Sollenberger.

## *Bless Them!*

There are tall ones and short ones,
There are dark ones and light,
But whate'er their description
They all chose one plight!

They do struggle bravely
To teach all they know,
But the odds are against them —
We kids are so slow!

Yet they still keep their patience,
They still keep their smile,
They're still our good friends
As we trudge that last mile.

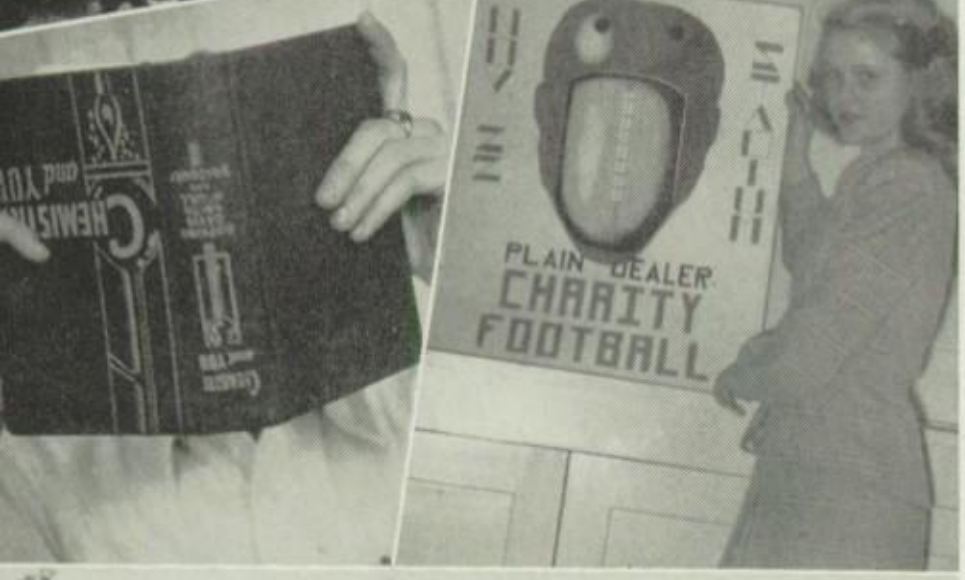
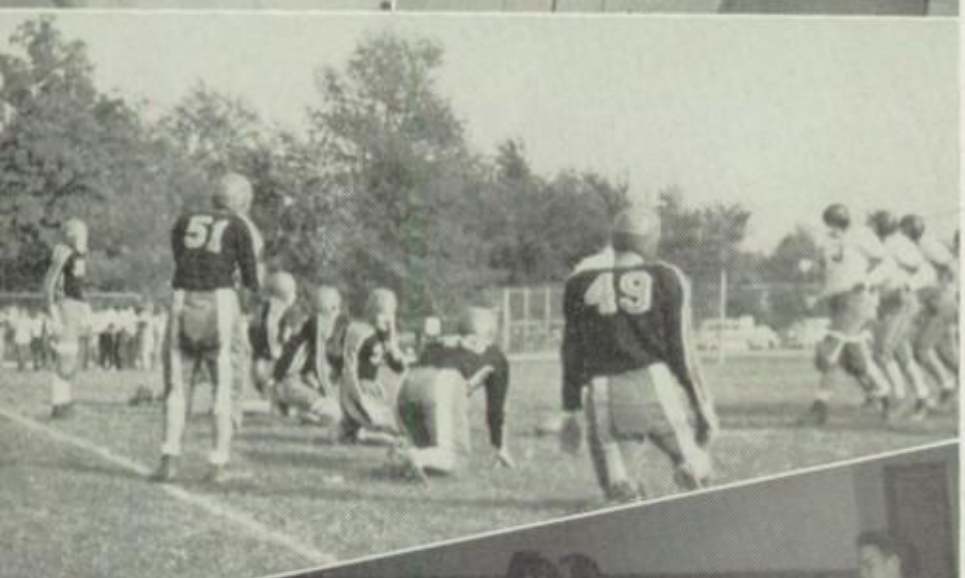
HISTORY OF
CLASSES





# Calendar

Sept. 5 Weary and listless Riverites "eagerly" returned to face the music. One's worst fears were confirmed by the home room assignments. Many beautiful friendships were broken.

Sept. 10 The first real day of work. Worse than you thought, hey?

Sept. 12 Seems rather early, but the first football game got off. On the wrong foot, may we add.

Sept. 15 First meeting of the Student Council.

Sept. 18 Junior Hi-Y elected its officers and decided when freshmen might join.

Sept. 19 Rocky River met Medina. Urk!

Sept. 25 Mr. Bullington and the boys enjoyed a pleasant meeting. $44.00 turned up.

Sept. 26 Came success over Wellington.

Oct. 5 Iyaku hiked and played games. They get around, those nature lovers.

Oct. 8 Young hopefuls from the art department submitted their Charity Football posters like fond mamas and papas. Such bright children they were, too — red, green, blue——

Oct. 13 Lois Eisele showed her true character, and Lulu Hirchert scolded her in the Community Fund play. And did you notice Bill Koos as the jerk? Type casting if we ever saw it.

Oct. 15 Jim Donohoe was officially declared human by that chemistry class of his. Well, they're only amateurs, you know.

Oct. 18 Jay Chandler made the news. He became president of the Junior Motion Picture Council.

Oct. 21 River students had blank minds when asked about the empty sand pit area development. Civic consciousness marches on —

Oct. 26 Once again River could appreciate music in a class under Mr. Thomas.

Oct. 28 "Payoff" day, and a party arrived for twenty-eight eighth graders who had sold four or more season football tickets.

Oct. 30 Homeroom 108 trampled over 111 for the intramural football championship. This was known locally as the Mud Ball game, for the field was, to put it mildly, wet.

Oct. 31 On an even wetter Lakewood field (things are always more so in Lakewood) Hague, Hardesty, and Company were trounced in a down pour. Not like the Bay game, of course, but wet.

Nov. 5 Student Council made the first move on after-school dances. Cheers for them.

Nov. 6 Hi-Y decided that they had some personalities to analyze. Or is the word characters?

Nov. 8 The freshman picnic was all wet. Wading in November? Brrrr!

# of Events

Nov. 11 Pat Nickels spoke to Iyaku on "The Man to Come." They always did have authorities in that club.

Nov. 12 Our own Bill Chandler, good Scout that he is, showed his Jamboree pictures at the Cleveland Library, he did.

Nov. 14 Football assembly gave recognition to brawny men of the gridiron.

Nov. 19 Ah, how they sang at the girls' assembly! We mean that sterling trio of Bohn, and Strothers vs., er, with, rather — Thomas.

Nov. 21 Our town became Grove Center as the Thespians came front and center in "Our Town."

Nov. 21 Pepsi Cola's just joy juice to most, but mention it to certain seniors and watch them turn pale. On this dark day six of them took the Pepsi Cola scholarship test. Minter, Chamberlin, Chandler, and Stadter rated among the highest ten per cent taking the test in the whole U. S.

Nov. 22 Charity Game Day, and River was well represented. Carol Milner and the band took third place for their fine work. Betsey Sherrer was sitting in a reserved seat. She won it in the Charity Football Poster Contest.

Nov. 25 An unidentified teacher made the rash statement that girls are the worst offenders in regard to chewing gum. Swords for two, coffee for one. The seconds called on him in the morning.

Nov. 26 The joint jumped and the building bounced as the juniors threw that shindig, the "Plymouth Rock."

Dec. 1 Birdman Dr. Ernest Nickels tweeted us to an assembly —

Dec. 4 Dr. Nickels again. Can that man imitate homing pigeons!

Dec. 6 A busy day. We met Berea and they were ours. Something new appeared, the after-game dance, P. T. A. sponsored. Bless their little hearts.

Dec. 11 We got the freeze from Mr. Sloan and his liquid air. That assembly —

Dec. 12 The River-Bay game. 'Nuff said.

Dec. 13 Wellington this time.

Dec. 14 Them there new fangled bubble tree lights "burped" on the Student Council sponsored hall tree. And who could have missed those door decorations? All looked for mistletoe, but —

Dec. 17 Mr. Evjen figured prominently in New Year's resolutions this day.

Dec. 18 "Red Rhythm Valley" on Norm Smith's big hot horn became the hit of the moment when the band played for the Christmas concert. Almost caused a riot, it did.

# Calendar

Dec. 19 A Cappella members made sweet harmony with Christmas carols in the halls.

Dec. 19 Came the nineteenth and, with the ringing of one short bell, Christmas Vacation. But don't go away, for on —

Dec. 20 The senior sponsored Christmas dance came in on soft lights. Haven't seen that much bare flesh outside a butcher shop for years.

Dec. 19 Jan. 5 — Vacation. O.K., what did *you* do?

Dec. Something-or-other. The Juniors "whomped" the Senior Orange Sox for the soccer crown. This was also known as the Snow Ball Classic, with spectators participating.

Jan. 3 Those feeble old timers, the Alumni, returned for the annual basketball classic, and danged if they didn't almost win!

Jan. 4 Pete Nason's birthday! Big occasion.

Jan. 5 It started snowing early this morning, and it snowed and snowed and snowed . . . . . .

Jan. 5 We came back to freshly painted study hall and classrooms. A lovely soft green.

Jan. 6 Don Tenney was elected "The boy most likely to become a carpet bagger" by his clear-thinking classmates. "Modest Don," as his friends call him, refused the honor with a few well chosen words.

Jan. 7 Dorothy Mertus was given honorable mention in editorial writing in the first annual school contest. Congratulations, Dot.

Jan. 9 In a peppy pep assembly our cheerleaders unveiled some new cheers and announced that they had concocted one too wild to fit on the stage.

Jan. 19 This is known hereabouts as "Black Monday." Semester exams, y' know.

Jan. 22 The "Roamers" rambled in for a sharp assembly.

Jan. 23 Eighth graders put on an "extra super" talent show at their mixer. Barb Priest bowled them over with her "hula hula" number.

Jan. 28 Two things happened. First, Clearview presented an exchange assembly, complete with "ensembles" and live puppets. That evening we went to Marshall for a basketball game. Given a couple more minutes, we might have beaten them. Well, we *might* have.

Jan. 30 Thirteen seniors and eight juniors were honored by election to the National Senior Honor Society in a special assembly.

Feb. 3 A large buff collie, property of Miss Wilma Arndt, played havoc with the Hirchert-Hauserman basketball game.

Feb. 4 How much fur does a Nutchuk wear when a Nutchuk wears much fur?

# of Events

Feb. 4 Miss Wiley fell while ice skating and broke her leg. We all felt very sorry for her.

Feb. 5 Teachers began holding conferences to see what they could do to help students become better adjusted in both classroom and extra-curricular activities. It's a good idea. And we got out of school earlier!

Feb. 6 Ninth graders "mixed" happily at their annual mixer. President Marsh Galloway supervised plans.

Feb. 6 A Cappella put on its first assembly of the year. What with jazzed up tempo and light, pleasing numbers the audience was really "sent!"

Feb. 12 National Thespians put on their best "bibs and tuckers" and initiated eleven members in a senior-high assembly.

Feb. 14 St. Valentine's Day gave Mrs. Murray's Latin classes a chance to write sweet nothings to one another. Amo te, osculum, Cupido, and the like were slung around all day.

Feb. 19 General Motors' exhibit on "Progress in Science" thrilled all of us and gave Minter, Hauserman, and Withington a chance to rake in a little booty for displaying their "brain power."

Mar. 5 Seniors had the audience rolling in the aisles with that maniacal comedy, "You Can't Take It With You."

Mar. 19 The River band concert, one of the most looked for dates of the year, drew a full house to hear the catchy marches and amusing novelty numbers.

Mar. 22 That long awaited, badly needed vacation arrived. The halls were deserted — well practically.

Mar. 29 Well, we have to come back sometime, but did it have to be to tests? We're in the home stretch now, though.

April 1 Did you get fooled by someone? You're not human if you didn't.

April 8 The Quiz Bee is always fun for everyone but the contestants. Love those thinking expressions!

April 17 Spring fever seized River students, and notes and conduct slips were rife.

May 8 This is probably the most important sport date of the year. We mean, of course, the day of the River Relays. Everyone from the runners to the art department takes part.

June 3 Commencement! Seniors go out into the cold, cold world: Goodbye to Alma Mater and to our favorite hangout.

Monitor 1; Current Forum 4; A Cappella 4.

## Donna Alexander

This diminutive blonde has enough energy for ten full sized people. Her true loves are leading cheers and participating in sports. We like her because of her gay good humor.

Girl Reserves 1; Friendship 2, 3; Big Sisters 2, 4; Monitor 2; Iyaku 3, 4 (Sec.); Neophytes 4; Hi-Tide 4; Intramurals 1, 2, 3, 4.

## Roger Armstrong

The little word "art" means a great deal to Roger, who designed the school poster in his junior year, helped construct the model of the community building, and worked untiringly on the art committee for the Riverlet. "Roge" likes camping and generally having a good time. Anything for a laugh is his motto.

Hi-Y 1, 2, 3, 4; Neophytes 1, 2, 3, 4; Monitor 1; Library Staff 1; Riverlet 4.

## Wilma Arndt

Irrepressibly gay and friendly, "Willie" can be depended upon to welcome newcomers to River and to keep the peace in any ruffled situation. A dog lover, she wants to become a veterinarian.

National Honor Society 1; Monitor 1; Intramurals 1, 2, 3, 4; Friendship 2, 3, 4; Iyaku 4; Riverlet 4.

Already off to a good start because of her wide reading background and her ability in writing, Norma will direct her talents toward journalism at Kent State University next year. This pretty poetess is also adept at sewing, whistling, and painting.

Friendship 2, 3, 4; Girl Reserves 1; Intramurals 1, 2, 4; G. R. L. 1; Monitor 2, 3,; Iyaku 3, 4; Current Forum 4; Riverlet 4.

## Thomas Bailey

Suspected of using peroxide on that blond hair of his (but it's never been proved!) Tom is one of the most popular and most industrious members of the class. He did an outstanding job editing the Riverlet.

Basketball 1, 2, 3; Track 1, 2, 3; Hi-Y 1, 2 (Pres.), 3 (Pres.), 4; National Honor Society 1, 4; Football 2; Class Vice-President 2; Student Council 2; Hall Guard 2, 3, 4; Hi-Tide 2; Boys' Council 2, 3; Monitor 3; Varsity R. 3, 4; Neophytes 4; Riverlet 4 (Editor); Cheerleader 4.

Hi-Y 1, 2; Track 1, 2, 3, 4; Football 1, 2, 4; Band 1; Varsity R 4; Current Forum 4; Monitor 4.

## Dorothy Borreson

This pert "lil' gal" always is on the alert to do the friendly and considerate thing for other people. She enjoys working with children, and so she has chosen teaching in the elementary field as a career. We think your pupils will be lucky to have such an understanding teacher, Dotty.

Girl Reserves 1; Intramurals 1, 2, 3, 4; Friendship 2, 3, 4; Monitor 3; Current Forum 4; Riverlet 4.

## Shirley Barco

An accomplished pianist, Shirley has afforded us much pleasure with her artistry. Her hobbies include caring for her three dogs, holding office in Rainbow, and wearing orchids. As for the future, Shirley wants to be an elementary teacher.

Girl Reserves 1; G. R. L. 1; Intramurals 1, 2, 3; Friendship 2, 3, 4; Monitor 2, 4; Hi-Tide 3, 4.

You're one of those rare persons who is truly sweet and friendly. May you remain so Shirley

## Edward Bousquet

"Biscuit," playing a red hot "licorice-stick," is Mr. Thomas's phantom of delight. His graduating will leave a gaping hole in the clarinet section, which will be no easy task to fill. Harmonizing with his music is the "putt putt" of his Model A, which, as everyone knows, is an integral part of his life.

Band 1, 2, 3, 4; Monitor 2; Orchestra 4.

## Beverly Behm

An avid sports enthusiast, "Bev" rarely misses a game, either as a participant or a spectator. Her out-of-school pastimes include dancing, ice-skating, and swimming. Next fall she will attend Iowa State University where she will major in home economics.

Girl Reserves 1; G. R. L. 1; Intramurals 1, 2, 3, 4; Friendship 2, 3, 4; Iyaku 3, 4; Current Forum 4.

## Charles Bishop

Deeply interested in politics and morld affairs, "Chuck" is a valued member of Current Forum. He is becoming expert with the camera, much to the dismay of some of his friends, whom he often snaps at angles unusual, to say the least.

Movie Operator 2, 3, 4; Current Forum 4; Riverlet 4.

## Richard Bonte

Sports-minded Dick, with a bowling ball in one hand and a tennis ball in the other would seem to have his hands full! But this is not the case with the boy with the affable smile, for he always has time to lend a helping hand to a friend.

Hi-Y 2, 3, 4; Baseball 3.

## Robert Borden

When we think of Bob we think of all the dependable qualities a clean-cut worthwhile fellow should have. He has the distinction of being the only student at River to operate his own "ham" station. He has chosen the field of radio experimentation for a vocation.

Football 2 (Mgr.), 3 (Mgr.), 4 (Mgr.); Varsity R 2, 3, 4; Riverlet 3.

## Alan Brosmer

One of the most amiable fellows we know is easygoing Al. Always smiling and good-natured, he naturally has attracted a large circle of friends. He will work for a year or so and then continue his studies in college.

Other School 1; Hi-Y 2; Student Council 3, 4; Hall Guard 3; Football 3.

## Harriet Brown

"Hank" is a busy blonde from Lakewood. She lends her incomparable charm to writing and illustrating books for children. She is a member of Current Forum. She swims, skates, toboggans, and, in her more delicate moods, collects vases.

Other School 1, 2, 3; Friendship 4; Iyaku 4; Current Forum 4 (Vice-pres.).

## David Brueggeman

David enjoys life, for the cares of the world sit only lightly on his shoulders. He's usually having a good time driving his Mercury or tinkering with gasoline motors. He's an active Sea Scout, too.

Student Council 1; Hi-Y 3; Baseball 3; Current Forum 4.

## Donald Burney

Don's extra-curricular interest, working on stage crew, is right in his line, for he intends to go into the construction business with his father after college. He has already drawn plans for several houses, and they're workable, too!

Hi-Y 1 (Treas.), 2, 3, 4; Neophytes 2, 3; Boys' Council 2, 3; Thespians 3, 4; Student Council 3; Keymen 3; Monitor 3; Hall Guard 3, 4; Basketball 3; A Cappella 1, 2, 3, 4; Football 2, 3.

## Daniel Chamberlin

Call this busy senior "Danny Boy" and watch the fur fly! But to put our president of Student Council in a good mood get out those records of Frankie Carle. Seriously, we expect great things of Dan, who has a plentiful supply of gray matter and initiative.

Monitor 1, 2, 3; Student Council 1, 2, 3, 4 (Pres.); Hi-Y 1, 2 (Sec.-Treas.), 3, 4; Hi-Tide 1, 2, 3, 4 (Co-Editor 2, 3); National Honor Society 1, 2, 3, 4; Basketball 1, 2, 3; Hall Guard 2; Neophytes 2, 3,; Thespians 3, 4; Senior Play.

## William Chandler

Bill's love of chemistry is taking him to M. I. T. next year. Right now Bill hasn't much time to spend in the chemistry lab, for his long list of activities keeps him busy. In addition to his duties at school the presidency of his church group and his work as an Eagle Scout are absorbing interests.

Monitor 1, 2; National Honor Society 1, 2, 3, 4 (Vice-pres.); Iyaku 2, 3, 4 (Vice-pres.); Hi-Tide 1, 2, 3, 4 (Co-Editor 3, 4); Track 2, 3; Movie Operator 2, 3, 4; Student Council 2, 3; Thespians 3 (Bus. Mgr.), 4 (Vice-pres.); Senior Play.

## Gwendolyn Collins

One who can call "Gwennie" a friend is lucky, for her sincerity makes her one to be trusted in every situation. Her co-cheerleaders will miss her able support next year, and Gwen will miss the school sports in which she has been a leader. She plans to continue her study of the organ.

G. R. L. 1; Monitor 1; Intramurals 1, 2, 3, 4; Friendship 2, 3, 4; Keymen 2, 4; Production 2, 3, 4; Leaders 3, 4; Cheerleader 3, 4; Riverlet 3, 4.

## Joan Collins

They say that good things come in small packages. Joan is no exception. She does wonders with that keen mind of hers; she is quick of foot in a basketball game; and she has had no difficulty in attracting to herself a coterie of friends.

Girl Reserves 1; Intramurals 1, 3, 4; G. R. L. 1; Friendship 2, 3, 4; Monitor 2; Student Council 3; Current Forum 4; Riverlet 4.

## Olga Colpert

Duck when you see Olga coming on the soccer field or on the basketball floor. Olga is a crusader for better society on the society page, and when her dark eyes begin to flash, one can expect a tirade of words on this or another of her pet peeves. Olga plans to carry her interest in Production into secretarial work next year.

Intramurals 1, 2, 3; Friendship 2, 3; Monitor 3.

## Lucy Consolo

At the beginning of school this year we met Lucy, an amiable transfer from John Adams, eager to form new friendships and to prove her ability in sports. She collects unusual newspaper articles and is interested in nursing.

Other School 1, 2, 3.

## John Corry

What will River High do without John to run the P. A. system? This personable chap, endowed with the rare gift of making friends on first acquaintance, writes well. He is happy participating in any sport, especially basketball.

Hi-Y 1, 2 (Vice-pres.), 3, 4; Monitor 1, 2, 3, 4; Basketball 1, 2, 3; Student Council 1, 2; Iyaku 2, 3; Hi-Tide (Bus. Mgr. 3, 4); Public Address Operator 3, 4; Neophytes 4; Senior Play.

## Margaret Cowler

Margaret's "major" interests exist outside our school, but her "majorette" interests are well displayed on our football field. She has been very active in Production.

Girl Reserves 1; Monitor 1, 3; Intramurals 2; Friendship 2, 3, 4; Production 3, 4; Riverlet 3, 4; Band 3, 4 (Sec.).

## Marlys Dahlin

A musical career is a must for talented "Marly," who plays the piano with expertness truly unusual. She also plays the saxophone. A participant in many sports, she excels as a tennis player.

Girl Reserves 1; Band 1, 2, 3, 4 (Vice-pres.); Friendship 2, 3, 4 (Treas.); Girls' Council 3; Riverlet 4; National Honor Society 4; A Cappella 4.

## Dianne De Marinis

"Dee's" clothes are striking; her jewelry is unusual. She's interested in writing and in acting. Dianne likes to travel, and she gives a fascinating account of her trip to Mexico.

## James Ruecke

Jim and his ever present camera would be potent weapons in the hands of any blackmailer. Some of those pictures! Equally skillful with a jig saw, he was invaluable in "raising the devil" at the junior-senior party. Look him up in a few years; he'll be the best chemist in his town.

Hi-Y 2; Movie Operator 2, 3, 4; Iyaku 3, 4 (Pres.); Monitor 4; Riverlet 4.

## Edward Scott

An agronomist (farmer, to you) who really knows his "onions," Ed is one of the jollist fellows we know. He gets around, too, for he possesses three vehicles — a Model-A truck, a motor scooter, and a Ford V-8. He will enter the plumbing business with his father, not completely forsaking his afore-mentioned avocation.

Monitor 2.

## Margaret Ann Seltzer

Full of fun and a real pal to her circle of friends, Peggy is another lover of sports; dancing, swimming, and skating are at the top of her list. By the way, this twin is the taller.

Girl Reserves 1; Friendship 2, 3, 4; Monitor 3; Iyaku 4; Current Forum 4.

## Mary Lou Seltzer

This half of "Seltzers, Incorporated" is interested in art, but she is never really too busy to go dancing or skating. Mary Lou will attend Ohio Wesleyan University next year.

Girl Reserves 1; Friendship 2, 3, 4; Monitor 2, 3; Iyaku 4.

## Mary Sifritt

"Si's" unfailing grin and golden locks are as well known as her hobbies, strumming on the piano and "messing" in oil paint, as she puts it. She certainly is good-natured, too, especially when being teased.

Other School 1; Friendship 2, 3; Intramurals 2; Current Forum 4.

## Richard Simmons

Although Dick was new to River this year, he quickly became "a man about town." We soon knew that his special interests include records and women. Once Dick commences to talk on either subject there's no stopping him. His plans for the future include the study of physical education at Miami University.

Other School 1, 2, 3; Hi-Y 4; Monitor 4.

## Raymond Simoncic

Ray, sometimes known as "Smooch," is very much at home in a football or basketball game, in a track meet, or on the tennis courts. Although participation in athletics consumes much of his time, he still does good work in school and enjoys numerous other activities.

Hi-Y 1 ,2; Student Council 1, 2, 3, 4 (Vice-pres.); Monitor 1, 2, 3; Junior High Dramatic Club 1; Varsity R 2, 3, 4; Movie Operator 2, 3, 4; Hall Guard 2, 3, 4; Boys' Council 3 (Sec.), 4 (Pres.); Football 1, 2, 3, 4; Track 1, 2, 3, 4; Basketball 1, 2, 3; National Honor Society 4; Senior Play.

## Richard Slaght

Dick wishes that winter would never come, for he, like most other Riverites, enjoys sailing more than any other sport. On the football field he is heavy on the tackle but light on his feet. And speaking of feet — watch them fly on the dance floor.

Keymen 1; Hi-Y 1, 2; Junior High Dramatic Club 1; Football 2, 3, 4; Current Forum 4; Iyaku 3.

## Nancy Smith

No one can complain of time hanging heavily when "Smitty" is around. Dynamic Nancy has done a good job of looking after the "internal" welfare of the students, making sure that there was good food at football games and P. T. A. dances. She is known for her prowess as a seamstress, too.

## Norman Smith

A virtuoso in his field and president of the band, Norm has as his first love, music, music, music. His knowledge of bands around Cleveland has made him an authoritative member of committees when dances were on the agenda. He also manages to find time to take cars apart and to play a little basketball.

Hi-Y 1, 2; Library Staff 1, 2, 3; Intramurals 1, 2; Football 1, 2; Band 1, 2, 3, 4.

## Donna Sperber

Already experienced in the business world (she's been a receptionist in her father's office during the past summers), Donna has the field of physiotherapy in mind as she selects a career. Dancing and skating are her favorite forms of recreation.

Big Sisters 4; Monitor 1, 2, 4; Girls' Council 1, 4 (Vice-pres.); Friendship 2, 3, 4; National Honor Society 2; Current Forum 4; Riverlet 4.

## William Spreng

Behind that jovial countenance Bill has a purposeful mind. He is at present vacillating in his choice between two very worthwhile avenues of service, the ministry or agriculture. Upon whichever you choose, Bill, we know you will put forth your best efforts.

A Cappella 2, 3.

## John Stadter

If one ever becomes involved in a debate with Jack, let him watch out! Our president of Current Forum, a mental giant, is an expert at rebuttal. He has been prominent in the annual Quiz Bees; he plays a good game of basketball; and for three years he's been the very competent editor of sports events for the Riverlet.

Student Council 1, 2, 3, 4; Varsity R 3, 4; Football 1, 2, Basketball 1, 2, 3, 4; Hi-Y 2; Thespians 4; Monitor 1, 2, 3, 4; Current Forum 3, 4 (Pres.); Riverlet 2, 3, 4; Senior Play.

## Marianne Sommer

"Som's" unusual clothes and original hair styles impress us. She likes languages and soccer, in which she excels; however, she plans to become a chemical laboratory technician.

Other School 1, 2; Friendship 3, 4; Neophytes 3, 4; Intramurals 3, 4; Leaders 4; Senior Play.

## Carmeltia Stanka

Sandusky sent us this sophisticated lass whose interests lie in sports, travel, books, and sailors. "Carm" quickly found kindred souls in our class; she is looking forward to college life at Miami University.

Other School 1, 2, 3; Friendship 4; Intramurals 4.

## Virginia Stenger

Cracking a good joke or holding forth in a brisk argument is "Ginny's" forte. She shows special ability in sewing and skating. And did you ever notice what beautiful brown eyes she has?

Friendship 2, 3, 4; Intramurals 2, 3, 4; Monitor 3; Student Council 3; Girls' Council 3; Iyaku 4.

## Samuel Stephenson

It didn't take Sam long to become acclimated in River last year when he entered our school for the first time. He always has a ready grin and a bright greeting for everyone. His favorite activities are playing the piano and repairing automobiles.

Other School 1, 2; Hi-Y 3; Current Forum 4; A Cappella 3, 4.

## Ruth Stepler

Ruthie, the sweet-tempered redhead, you know, collects programs of all kinds, from Ice Follies to school plays. She has given her time unselfishly to service in Production. Ruth has also done a most difficult job exceedingly well, supervising all typing of this Riverlet. The business field will claim her this summer, and then she'll be off to college.

Girl Reserves 1; Friendship 2, 3, 4; Production 3, 4; Big Sisters 3, 4; Iyaku 4; Keymen 4; Riverlet 4; Intramurals 4.

## Donald Tenney

Honored by election to the presidency of Keymen this year, Don conducted the activities of the group with enthusiasm. A follower of dance bands and of best seller novels, he keeps himself busy, but he finds time to be an ardent sports fan.

Hi-Y 1, 2; Football 1, 2; Keymen 2, 3 (Vice-pres.), 4 (Pres.); Basketball 3; Current Forum 4; Neophytes 4; Riverlet 4.

## William Tezie

Pleasant, good looking, wavy-haired Bill is working toward a goal of real service; he intends to study for the priesthood. We know that your choice of life's work is a happy one, Bill, for you're the kind of fellow who gives his all to any cause he believes in.

Baseball 3, 4; Monitor 4; Boys' Council 4.

## Neale Traves

A hard worker and a fast talker, our vice-president is a popular cheerleader. "Doc's" abundance of pep and energy has made him a hit on skiis and on the basketball floor and should make him a successful lawyer.

## Herbert Tyrone

If you catch a glimpse of a rocket-like object flashing down the street, you will probably be correct in thinking that Tyrone just streaked by on his motorcycle. Herb is one person who can dismantle a motor, repair it, and reassemble it without having parts left over.

## Jacqueline Waite

The comedian's delight, Jackie is a happy combination of brains, ability, charm, and good looks, and she has won deserved popularity among her classmates. She plans to carve a career for herself in the field of medicine.

## Barbara Webb

Barbara, who has been one of our outstanding students of art at River, plans to be a designer of fine jewelry. Knowing Babs' artistic ability and persistence, we're sure that she'll be a success.

Intramurals 1, 2, 3, 4; Friendship 2, 3, 4; Production 4.

## William Westerfield

With a swish and a flash and a hearty "Hi-ho, Westy!" the Lone Stranger rolls again. When out at Puritas it is likely that we shall see this polished skater gliding over the polished floor. Bill is also talented on the canvas, for he is an expert boxer with a "mean left."

Monitor 4.

## Donald Whelan

On the land, on the sea, or in the air Sam is perfectly at home. The track team, Wagar beach, and the Rocky Mountains will long remember the antics of this blond joker. His interests have also been directed toward state politics and rabbit hunting.

Hi-Y 1, 2, 4; Football 1, 2, 3; Basketball 1; Track 1, 2, 3; Monitor 2; Current Forum 4; A Cappella 1, 2.

## Mary Whitmore

An exponent of feminity both in appearance and in manner, Mary is one of the best liked girls at River. She is a very convincing speaker and actress and certainly puts across a joke with finesse.

Other School 1; Friendship 2, 3, 4; Intramurals 2, 3, 4; Neophytes 3, 4; Keymen 3; Movie Operator 3, 4; Current Forum 4; Leaders 4; Riverlet 4; National Honor Society 4; Senior Play.

## Margery Will

Very much an all-round girl is Marge, but she has leanings toward the fine arts, as we can see from her four years in dramatic organizations and in A Cappella. She takes particular interest in clothes, and she really enjoys curling up with a good book.

Girl Reserves 1; Junior High Dramatic Club 1; Intramurals 1, 2, 3, 4; National Honor Society 1; Friendship 2, 3, 4; Neophytes 2; Monitor 3; Thespians 3, 4 (Vice-pres.); Hi-Tide 3, 4; Current Forum 4; Riverlet 4; A Cappella 3, 4.

## Nancy Withington

"Withy" is a necessity where harmonizing is in order. She enjoys all sports, but her specialty is basketball. Writing poetry comes naturally to her, and her ability to retain the numerous poems she has memorized seems incredible.

G. R. L. 1 (Pres.); Girl Reserves 1; Junior High Dramatic Club 1; Student Council 1; National Honor Society 1; Monitor 2, 3; Friendship 2, 3, 4; Intramurals 1, 2, 3, 4; Neophytes 2, 3; Big Sisters 2, 3; Leaders 3, 4 (Treas.); Current Forum 4; A Cappella 2, 3.

## Mark Woodruff

One of those fellows who has a curious, analytic mind, "Sparks," we have no doubt, will one day turn his energies into channels of true service. Mathematics, chemistry, and physics are his favorite studies in school, and radio building is his hobby at home.
Other School 1; Hi-Y 2, 3, 4; Monitor 2, 3; Neophytes 3; Track 3; Current Forum 4.

## Miriam Wunderly

Ever since "Mim" came to River in junior high, we've adored her for her "super" personality and we've admired her for her ability as a pianist. Music has become more than a pastime with her, as she plans to continue her studies at Oberlin Conservatory after graduation.

Girl Reserves 1; Intramurals 1, 2, 3, 4; Friendship 2, 3, 4; A Cappella 2, 3, 4; Student Council 2, 4; Girls' Council 2; Big Sisters 2; Current Forum 3, 4 (Sec-treas.); National Honor Society 3, 4 (Sec.); Riverlet 4; Monitor 2, 3, 4.

## Robert Young

Bob is a "whiz" in math. And, by the way, have you ever read his horror stories? He's another Poe. Our official interviewer of celebrities has a subtle sense of humor and a sly smile that endears him to his associates. We're sorry that River will no longer be his home.

## Marilyn Yates

Marilyn became a member of our class after preparations for this annual had been completed.

# Gradually We Are Graduated

The hour is here,
The moment's near,
And now we're all assembling.
The music starts!
With rapid hearts
We still our knees' weak trembling.

We cross the stage
To sit and age
While speakers start their rambling.
Did ever walk
Cause longer talk
Or pace drag on more ambling?

And now we stand
With shaking hand,
Diplomas in our reach.
One more adieu
Will yet ensue.
Alas! There's one more speech.

The music dies,
The parent sighs,
As through the door we pass.
Now shout, "Hooray:"
We're on our way,
Each happy lad and lass.

# We Go Down

We were the best of classes, we were the worst of classes; our minds were outstandingly original, our minds were unfortunately stubborn; we were praised for our initiative, we were denounced for our insubordination; we set shining examples for the underclassmen, we set evil precedents for the underclassmen; we brought glory to the school in scholarship, we put too much emphasis on scholarship; in short, Rocky River will be sorry to see us leave, Rocky River will be glad to be rid of us.

Most of us arrived with the depression, a blessing and a burden to our parents. We started grade school as problems by being too many to fit into the prescribed one classroom. Before we left the sixth grade, we had balanced the score by ranking near the top in a nation-wide test.

Teachers threw up their hands in despair when we planned a dance. Our decorations were so elaborate that our advisers doubled and redoubled the odds on their bets that we wouldn't finish them in time; and every dance we slapped on the last scotch tape just in time. We, ourselves, were too exhausted to dance, but the decorations were finished. At our junior dance we painted pumpkins and cornstalks white for a snow effect and then ran into complications finding a matching turkey to raffle. "Hell broke loose" when we gave the junior-senior party, although the refined tastes of the school did not permit such a strong term to be used; and Jack Stadter reigned (s) as Pluto.

# In History

The '48 "Fiddlesticks" set an unprecedented example for the younger classes in intramurals by capturing the soccer championship in the ninth, tenth, and eleventh grades and then reverting to the golden rule to allow the junior girls to win this year.

We stood on the border of fame and infamy during the summers, too. Five of our fellows rattled to Canada in a modern version of pioneer Pike's (Peak) covered wagon. The expedition and the high finances involved were a bit unconventional, but the boys made the headlines. Betty Sue Parsons gained invaluable experience in the world of men by representing the Cleveland district at the national Y.M.-Y.W. Conference in Grinnell, Iowa. Bill Chandler furthered the causes of international friendship and high school French by attending the Boy Scout Jamboree in Paris, France, last summer.

To atone for our misdemeanors we gave Rocky River the distinction of having four seniors rank in the top ten percent of the nation in the Pepsi-Cola scholarship test. Our brains caused a little problem for the administration, however; the possibility of there being four valedictorians was rather upsetting to a school accustomed never to having more than two. One of us will probably trip over the microphone cord at commencement to bring further disgrace to our illustrious class. Those in authority will pick him up gently, though; and with many solicitous smiles and much shaking of the hands they will push us out the door. We shall then be shelved for future English-class reference; Rocky River will draw a sigh of relief and settle back into the ditch of complacent conservatism.

# Council Collects Full Coffers for Good Causes

Let's look at the minutes of Student Council to see what the members did this year. Hmm! Mr. Paul Harris of Vermont and chrome plated fountain jets? An odd combination, surely. Oh, now we see; both were paid for by the stamps collected and, groan, counted by the Student Council. What's this about new records? "..... were received with joy by the student body." It's the gospel truth.

These minutes haven't mentioned the pleasure students derived from the Christmas tree and from the pictures purchased for halls and classrooms or from the co-sponsored P. T. A. dances. Yes, they did all this and still were able to contribute fifty dollars to the Friendship Train.

But, worthwhile as these projects are, they're not Council's most important service to the school. Under the leadership of Miss McKee and Miss Harkabus the members have voiced student opinion on many problems and have actually participated in the planning of activities. Through the medium of this vital organization Rocky River students help to oversee their own welfare.

Officers were Dan Chamberlin, president; Ray Simoncic, vice-president; Betty Sue Parsons, secretary; and Ned Beach, treasurer.

# It's That Good Ole Harmony . . .

Girls' and Boys' Council are two student groups pledged to the help of their fellow students. Girls' Council arranged talent shows for Girls', and Boys' Council, not to be out-done, conducted all-school clean up campaigns.

Officers for Girls' Council are Arlene Rickey, president; Donna Sperber, vice-president; and Mitzi Mulhholland, secretary-treasurer. Miss McKee is faculty adviser.

# "We Get Back Our Mete As We Measure . . ."

"I, the Y, and the World!" An intriguing title, eh what? That was the theme of the Y-Teen Friendship Club this year, and members of Friendship through their World Fellowship and Community Clothing drives carried out the idea whole-heartedly. In conjunction with the mother club, Service Group did its part in aiding the community, also.

Friendship activities were varied in all but one respect; every event was entertaining. They upheld a long standing reputation for originality by making the Kick-Off dance a girl-ask-boy affair, and, as the year wore on, Friendship presented the highly novel Pop's concert and the Around-the-World supper. They didn't forget tradition, either, but held the annual Pa-Ma-Me banquet as a fitting climax for the year.

Miss McKee and Miss Whaling were co-sponsors of the club. Officers for the year were Lois Eisele, president; Ann Rudy, vice-president; Barbara McKinney, secretary; and Marlys Dahlin, treasurer.

# Y-Teens 'Tribute Triumphs To Their Terrific Talents

Noisy suppers, impressive ceremonials, various outdoor activities, and occasional "brainy" moments. "Zounds!" What a line up!

The Y-Teens (a branch of the Y. W. C. A.) with a membership of eighty eighth and ninth grade girls really came through the year with a BANG! Even though they suffered occasional growing pains and giggling fits, they proved to us "old" seniors that we're leaving our Alma Mater in capable hands.

Best of luck to you, kids. Keep on having loads of fun! Also, special congratulations to patient Miss Barrett, who gave so much of her time and energy as sponsor, and to the officers: Lois Williams, president; Jane Beck, vice-president; Jean Baine, secretary; and Janet Hottell, treasurer.

## "There Is a Destiny Which Makes Us Brothers"

Holding panel discussions on personal problems, showing movies, scheduling speakers, assembling a hobby show, and participating in outdoor sports seem to comprise a very full program, don't they? One club, Senior Hi-Y, actually undertook all of these activities. And, what's more, they also sponsored the Sweetheart dance, one of the few formal affairs of the school year, and carried on a series of personality analyses.

Not that Senior Hi-Y alone was active. Far from it! Hard on their big brothers' tracks, Junior Hi-Y competed in a friendly way for the top honors in activities and, according to partisan observers, almost eclipsed the senior club.

Mr. Bohn was faculty adviser for Senior Hi-Y, and Mr. Bullington sponsored Junior Hi-Y.

# It's How You Play The Game

Under the somewhat ambiguous title of Girls' Recreation League lurk the future stars of girls' sports in Rocky River High. An organization open only to girls of the seventh and eighth grades, G.R. L. teaches sportsmanship, correct playing practices, and team work. If you don't believe us when we tell you that these young basketball, baseball, and soccer enthusiasts take to instruction like cats to a cream jug, only ask their senior high advisers, Lois Eisele and Martha Funk.

Officers of G. R. L. were Jane Hubbard, president, and Carol Syvertsen, secretary-treasurer. Mrs. Gilbert was faculty sponsor.

# Varsity R Valiants Vie for Leadership With Live Wire Leaders

Varsity R and Leaders are the two student groups devoted to athletic pursuits. Membership is open to boys who have won varsity letter awards and to girls best fitted to further the athletic interests of the school.

Varsity R sponsored the traditional Varsity R dance, and Leaders undertook a series of courses at West Tech to raise the refereeing of intramural games to a new, sharp-eyed, authoritative level this year. The girls also attended playdays at other schools and each month scheduled some event for the enjoyment of their membership.

Officers of Varsity R were Bill Ferry, president; John Matheson, vice-president; and Louis Tasse, secretary-treasurer. Mr. Motts is faculty sponsor. Presiding over Leaders were Mary Lou Hirchert, president; Donna Alexander, vice-president; Janet Hauserman, secretary, and Nan Withington, treasurer. Miss Baumgardner assisted as faculty adviser.

# Everyone On Stage!

"All River is a stage" is the motto of many Riverites from the seventh grade, where the Junior High Dramatic Club starts them on their histrionic career, to the twelfth grade, where those who have progressed successfully through Neophytes become full fledged Thespians.

Miss White, Miss Beck, and Miss Plummer are faculty counselors.

# Doing What Comes Naturally (Ouch!)

If one likes anything from birds to sailing boats, Iyaku is the club for him. At each monthly meeting the members themselves cover a variety of subjects in original papers, and often an authoritative guest speaker offers an informative talk. In addition to hearing about nature and kindred subjects, the members "goes and does it," as Squeers put it. This year their field trips included a picnic at Little Cedar Point and nature study excursions into Rocky River Valley.

Officers for the year were Jim Ruecke, president; Bill Chandler, vice-president; Patsy Andrews, secretary; and Jackie Waite, treasurer. Mr. Richards is the faculty sponsor.

# All Keyed Up to Cope With Campaigns

"That's where your money goes, buying some Dutch child clothes," could be one of a number of mottoes for Keymen, one of River's most active service groups. With "nary" a failure, Keymen turned with unflagging energy from charity drive to Community Fund push this year and still found time to boost morale abroad with packages of food and clothing and cheering letters. As a final effort Keymen conducted a paper drive which, of course, was a complete success.

Officers were Don Tenney, president; Bill Koos, vice-president; and Barbara McKinney, secretary-treasurer. Miss Gray was adviser of the group.

# Pro's and Con's

Do you know that our school represented Saudi Arabia and Pakistan? Those are countries that Current Forum drew this year for their most important project, representation on the Junior Council on World Affairs' portrayal of the General Assembly of the United Nations.

Each year Current Forum fills its program with student talks, debates and panels, moving pictures, and speeches by invited guests. If the topic is debatable, talk often waxes hot. Many a fledgling orator has launched himself in argument at a stimulating meeting.

# Embryonic Authors Have Fun With Fiction

Could you write two good stories during a year or produce work the quality of which would recommend, on literary merit alone, your admittance to an organization? Members of Yarn Spinners know very well they could, for these are the requirements for membership in this club, which is open to pupils of the ninth and tenth grades.

Miss Bretschneider is faculty adviser. Officers for first and second semesters were Marcia Misamore and Gladys Mullinex, president; Joan O'Brien and Joan Szunyog, vice-president; and Joan Szunyog and Mary Sievert, secretary-treasurer.

# Students Shine in Social Service

Hospitals were more cheerful places this year, thanks to the S. S. S. Club. At Christmas they produced a menagerie of stuffed animals for convalescent children to cuddle, and at Easter they brightened many hospital trays with favors.

The members occasionally relaxed from service tasks. In brief pauses between projects S. S. S. held weiner roasts, dances, and picnics.

Officers for the two semesters were Nancy Wilson and Sally Priest, president; Norma Frederick and Molly Meyer, vice-president; Nancy Ingles and Suzanne Alexander, secretary; Joanne Fate and Gayle Zurick, treasurer.

## "One of the Greatest Honors the High School Can Bestow--"

So said Superintendent Mayer of the Fairview Schools when he addressed students who witnessed the annual induction ceremonies of River chapter of the National Senior Honor Society on January 30. Thirteen seniors and eight juniors were chosen on a basis of character, scholarship, leadership, and service by a board of faculty members. Since its inception in 1930, two hundred and eighty Riverites have been honored by election to membership.

Officers are president, Marilyn Minter; vice-president, William Chandler; secretary, Miriam Wunderly; and treasurer, Dorothy Markert.

Twenty members of the junior high school will be added to the roll of the National Junior Honor Society during the recognition assembly in June. No officers are elected and no meetings are held by this group.

# "Sweet Mus

"One, two, three! One, two three! Hmmm!" What does the Metropolitan Opera have that our A Cappella Choir doesn't have? In all seriousness, we believe that our choir produces just about the sweetest harmony any group of amateurs is capable of. Members of the group worked hard throughout the year, preparing programs to be presented before various civic groups, at assemblies, and for the baccalaureate service.

But it wasn't all work; there were moments of hilarity; there were the thrill and excitement of appearing before appreciative audiences. The choir has been in excellent form all year, although individually they probably still sing better in the bath tub!

All our thanks to you, Miss Williams, for your superb directing, to you, Marlys Dahlin, for your able accompaniment, and to you members who gave us so much pleasure. We're really proud of you!

# They Blow Their Own Horns

Frowning students burst into smiles. Confusing studies clear up in jig time. What makes the difference? Merely hearing the orchestra or band at practice.

From the kick-off of football season the band was active at home and away; they played at games and took part in the charity football display. At Christmas time the band entertained with novelty

numbers and favorite carols. The spring concert has become a delightful habit at River, and, after endless hours of not too melodious rehearsal, Mr. Thomas and Company presented not one concert but two.

Orchestra tried something different in March, playing sweet music for the senior play. As it has done for many years, the group also played at both baccalaureate services and commencement.

Officers of the band were Norman Smith, president; Marlys Dahlin, vice-president; Margaret Cowler, secretary; and Ann Davies, treasurer. Mr. Thomas was faculty leader.

# We Point With Pride

No well placed shoves or snarling threats here! Just a soft reminder, occasionally reenforced with a pointed word on rules. Monitors, the service group most highly praised by visitors, regulate traffic with a smile, make the halls clear for the traditional dropping of a pin, and quiet the beast in us at feeding time in the cafeteria. Invisible monitors in a professional manner operate noon movies, also.

With the help of Mrs. Nowell and the entire staff, our editors, Marilyn Minter, William Chandler, and Dorothy Mertus, have nursed Hi-Tide through another year of deadlines and headaches.

Not only has Hi-Tide served the high school by adding much to the splendid spirit and cooperation of the student body, but also it has given potential journalists an opportunity to gain valuable training.

As for these busy bees of Hi-Tide, they've had a grand time, regardless of the hard work and long hours they've put into it. The errors? Chalk them up to profit and loss. The success! Attribute it to plenty of old-fashioned mental "elbow grease." But it has been fun, and they hope that their work is worth remembering. Complaint department on the sixth floor!

We could hardly wait until Friday morning when we could grab the latest issue of Hi-Tide and catch up on the newest news, the oldest jokes, and the best gossip . . . The editorials were really "super," too. So, hats off to our editors, reporters — all of you — from the entire student body.

# We Riveted the Riverlet!

"Well, it's not bad, but you can do better," and "Yeh, he doesn't want to, but sell him anyhow," echoed in the ears of the Riverlet staff as we thrashed out problems and made plans in meeting after meeting. We chose the cover, did sketches and special features, raised funds, scheduled pictures, wrote and rewrote and re-rewrote! We had a goal in mind — to make this *the* Riverlet, amusing, different, interesting down to the very last ad. As a memento of the graduating class, as a show case for personal activity, as a summation of that sterling '47-'48 school year, we wanted it to be good! You, dear reader, are judge of the measure of success we may have had.

Mrs. Murray, faculty mentor, piloted the enterprise; Mr. Grubb kept an eye on the business end of the project; Miss Summer enthusiastically guided the large staff of artists. Tom Bailey worked like a Trojan in the editor's chair, and Earl Martin, business manager, sparked the finance committee to bring in the proverbial "bacon" without which this book would be non-existent.

# Alias the Ink Spots

Run that ditto machine! Stencil that stencil! Who prepares tests, mimeographing, and the other materials for teachers and the office? The Production Staff, of course. This comparatively small organization puts out a truly gigantic amount of literature and data to smooth the passage of information from office, faculty, and club to student.

Miss Strawn is the guiding light of this group, and, since they elect no officers, the girls take turns in directing operations.

# Ex Libris

The Library Staff is another important service group. If one simply can't find that book he wants, all he needs do is ask one of those active staff members, and find it that member will, by hook, crook, or black magic. True, they also do the more ordinary tasks, but their favorite is helping to choose new books for the library. Mrs. Ellis directs the activities of these bustling volunteers.

SPORTS

# Five We Cherish, Five We Forget

### RIVER 6 — WELLINGTON 0

Playing in the first Southwestern Conference Medical Injury Fund game, the Pirates encountered the 1946 champion Wellington eleven and humbled them with a seventy-five yard sustained drive down the field. Sparked by sophomore quarterback Bill Henning, the River line tore wide gaps in the enemy's defense, and Bruce "Butcher" Lydrickson plunged into the end zone to win for River.

### RIVER 7 — EUCLID CENTRAL 32

Outweighed in line and backfield and facing an older, more experienced team, the fighting Pirates battled the forces of Euclid Central to a standstill and then in the second half rammed across their lone touchdown. The underdog River squad never gave up and gave the opposing backs a rough afternoon, but they were forced to "eat dirt" to the tune of 32 to 7.

### RIVER 9 — MEDINA 18

Clicking to perfection in the first half, the Pirates could not hold the Medina tide in the second. Quarterback Bob Bowers came into his own as he passed for consistent gains and finally connected for a touchdown in the end zone to Bob Eckhardt.

### RIVER 20 — WELLINGTON 0

Again facing the Conference champs, the Pirate offense rolled into high gear as River's scatbacks roared through Wellington's line and secondary. Speedy Harry McClelland and shifty Dave McCollam provided the one-two punch as Wellington crumbled before the Maroon and White power drives. Captain Ray Simoncic placed key blocks that shook the backs loose, and his stalwart defensive play helped to hold an erstwhile powerhouse scoreless.

### RIVER 0 — BEREA 18

The fighting Pirates tasted defeat at the hands of Berea as they vainly tried to hold the rampaging Red Jackets. Coked up for the game, the Red Jackets were at their peak and were too much for the River squad. The defensive line play of end John Matheson stood out as a redeeming feature.

### RIVER 6 — Oberlin 25

Unable to stop Felix White, Oberlin's All-Conference fullback, the Pirates met defeat at the hands of the title-bound Oberlin squad. Our All-Southwestern guard, Captain Ray Simoncic, once again played a major part in the struggle as his fine play sparked the eleven to its lone touchdown.

### RIVER 13 — CLEARVIEW 6

Faced by one of the district's strongest teams, the Pirates pulled out all the stops and gave Clearview a sound trouncing. Led by Harry (The Hip) McClelland's 85-yard touchdown runback on a pass interception and the expert blocking of Captain Ray (Ruffian) Simoncic, the River eleven dominated the play and for the second time this season shattered the title hopes of a Conference team. Dick Slaght, varsity tackle, played his best game as he repeatedly nailed the Clearview backs on or behind the line of scrimmage. Big Ed Evans also seemed to be a fifth man in the Clearview backfield but was unappreciated by Clearview.

### RIVER 19 — FAIRVIEW 0

Once again an underdog Maroon and White squad arose from the ground and wiped up the field with River's old rival Fairview. Possessing its best team in recent years, Fairview was loud in its belief that River was doomed. Never was a school so mistaken. Led by Glenn (Papa) Reece, our All-Southwestern Conference tackle, the Pirate line pulverized the enemy backfield and enabled the red-hot River backs to run roughshod over, through, and around a hapless Fairview squad. With "Butcher" Lydrickson at his best and with Bowers hitting the ends for consistent gains, Fairview never had a chance and was blasted out of the Southwestern Conference title race.

### RIVER 12 — WOOSTER 19

With the Pirate air arm operation at peak efficiency, it looked as if River would emerge victorious over Wooster, but the wide end sweeps of Wooster's halfbacks hit pay dirt, and the Pirate squad could never get the tying touchdown. Junior Quarterback Bob Bowers showed his skill as a passer, and our ends were connecting regularly, but the River eleven just could not pull this one out of the fire.

### RIVER 13 — BAY 0

Fighting our arch rival Bay Village on the Bay gridiron, the pulverizing Pirates turned in their greatest game of the year. Supposedly 20-point underdogs, the rampaging Riverites never gave Bay a chance. With the senior lettermen playing their last game for River, the River line rose to great heights with tackle Glenn Reece receiving the Press star award for his magnificent play. With Martin, Reece, and Simoncic outcharging the Bay line, and with the River backs going for long gains, River brought a successful football season to its climax.

# The Game's the Thing

Off to a flying start with a 25-18 upset victory over our old rival Berea, River's cage Pirates roared into a season of stiff competition by taking seven out of their first eight games. A tight zone defense combined with a fast-breaking attack marked a rough and ready Pirate squad.

Lacking a single outstanding high scorer, the Rocky River hardwooders depended on team play, rebound skill, and a tough and aggressive defense. Several returning lettermen and a crop of eager sophomores assure a power-packed squad in 1948.

Among the season's highlights were the smothering of Berea in the opening game and the hair-raising comeback victory over Medina on our own court. Sweet revenge was gained as the Pirates journeyed to Clearview to beat Clearview in a return engagement with a score of 52 to 43.

The season was successfully capped by a hard-won victory over our traditional foe, Westlake. Congratulations are due Coach Motts and the squad for a fine season.

# The Stars Come Out Again

Again headed by the Broerman-Tasse battery, the Pirate baseball squad has returned almost intact, having lost but one letterman from the entire team of last year. Coach Roy Bullington smiles happily when he thinks of Bill Koos, Tom Hague, and Bob Bullington, veterans all, returning to take their places on the rejuvenated nine.

Having this year returned to the powerful Metropolitan League, the River hardballers will need all they've got, but this year the signs are that they have it, and if they live up to expectations, they should be a rough team, even in the heavy Met competition.

Credit for this wealth of material should go to Coach Bullington, who has sharply pruned the teams of recent years in order to build for the future, and under his able direction this policy is paying off. Green candidates are seasoned early and thus may have more than one year of varsity competition. The Indians won't be the only team to finish in the first division this year.

# They Burn Up the Track

Once again Coach A. J. Bridenbaugh has brought to Rocky River a powerful thin clad squad. In its initial indoor meet River overwhelmed John Marshall in dual competition and seems on the way to a great season.

Headed by their crack 880-relay team of Jim McCormick, Scott Minner, Fred Priest, and Bill Ferry, the Pirates are pointing for the city-wide Arena meet in April. Nipped last year at the Arena, the River cindermen are out to gain the Class B title. A heavy schedule of outdoor meets has been arranged this spring, and Riverites will have a chance to see their Southwestern Conference champs in action.

Coach Bridenbaugh's expert direction and the great enthusiasm for track at Rocky River have been responsible for great teams in the past, and, as the track season opens, the 1948 River squad seems likely to follow in their steps.

It has been said that if the River girls were boys we'd have some athletes worthy of the Olympics. Although we won't commit ourselves to such a rash statement, however true it may be, one thing in girls' sports is certain — what the ladies lack in prowess they make up for in endurance of late games, dogs, and precipitation.

Miss Baumgardner is supervisor of all girls' sports.

The girls pictured here are champions in their fields.
